WAYI SCHOOL

Thinking about enrolling your child at Wayi School?

Wayi School is a government specialist school located in Craigieburn. Wayi caters to students aged 5-18 years old, who have a diagnosis of intellectual disability.

STEP 1: Enrol at your local mainstream school

- Please enrol your child at your local mainstream school to ensure that arrangements are in place in the event we are unable to offer enrolment.
- Your local mainstream school can also arrange a cognitive assessment.

STEP 2: Complete a cognitive assessment

- This is required to confirm the eligibility requirements are met.

STEP 3: Book a School Tour

- Tours run regularly, and last approx. 45 mins.
- Tours are booked on the Wayi School website.

STEP 4: Expression of Interest (EOI) Form

- Complete the EOI form on our website.
- Upload required documents
  - Cognitive assessment
  - Any additional medical/developmental reports
- This is the first formal step.

STEP 5: School review & follow-up

- Wayi School representative contacts families (within 10 days of receiving EOI) and liaises with allied health professionals/neighbourhood schools, where appropriate.
- Wayi School sends cognitive report to Department of Education for verification to ensure eligibility is met.
- If eligibility is met and there are spaces, Wayi School will consider enrolment in accordance with the enrolment policy.
- Meeting the eligibility criteria does not guarantee enrolment as spaces are limited.

STEP 6: Enrolment & Transition

- Formal enrolment offer emailed, which must be accepted within seven days of receipt of the email.
- Complete enrolment pack and provide key documentation (e.g., birth certificate, immunisation record, etc.)
- Transition plans and start dates provided to the family. Plans are individualised to your child and circumstances.
- We support each child's smooth transition to Wayi School.

ENROLMENT AT WAYI SCHOOL

Other Considerations

- Priority enrolment is given to siblings of students already enrolled at the school.
- Proof of residential address (e.g., lease/rates notice, driver's license, etc.) is required to prioritise placement if demand exceeds the school's capacity.
