STATEMENT OF COMMITMENT TO CHILD SAFETY

Wayi School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex, queer, and asexual (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

ROLES AND RESPONSIBILITIES

School leadership team

Our school leadership team (comprising the principal and assistant principal) is responsible for ensuring that a strong child safe culture is created and maintained, and that policies and practices are effectively developed and implemented in accordance with Ministerial Order 1359.

Principals and assistant principals will:

- ensure effective child safety and wellbeing governance, policies, procedures, codes and practices are in place and followed
- model a child safe culture that facilitates the active participation of students, families and staff in promoting and improving child safety, cultural safety and wellbeing
- enable inclusive practices where the diverse needs of all students are considered
- reinforce high standards of respectful behaviour between students and adults, and between students
- promote regular open discussion on child safety issues within the school community including at leadership team meetings, staff meetings and school council meetings
- facilitate regular professional learning for staff and volunteers (where appropriate) to build deeper understandings of child safety, cultural safety, student wellbeing and prevention of responding to abuse
- create an environment where child safety complaints and concerns are readily raised, and no one is discouraged from reporting an allegation of child abuse to relevant authorities.

School staff and volunteers

All staff and volunteers will:

- participate in child safety and wellbeing induction and training provided by the school or the Department of Education and Training, and always follow the school's child safety and wellbeing policies and procedures
- act in accordance with our Child Safety Code of Conduct
- identify and raise concerns about child safety issues in accordance with our Child Safety Responding and Reporting Obligations Policy and Procedures, including following the [Four Critical Actions for Schools](#)
- ensure students' views are taken seriously and their voices are heard about decisions that affect their lives
- implement inclusive practices that respond to the diverse needs of students.
- All volunteers and contractors will acknowledge they have read the Child Safe Code of Conduct while signing in on the Compass Kiosk

School council

In performing the functions and powers given to them under the *Education and Training Reform Act 2006*, school council members will:

- champion and promote a child safe culture with the broader school community
- ensure that child safety is a regular agenda item at school council meetings
- undertake annual training on child safety, approve updates to, and act in accordance with the Child Safety Code of Conduct to the extent that it applies to school council employees and members
- At our school, school council employment duties are delegated to the principal who is bound by this policy

Specific staff child safety responsibilities

Wayi School has nominated a child safety champion to support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the child safety champion are outlined at [Guidance for child safety champions](#).

Our principal and child safety champion are the first point of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Principal is responsible for monitoring the school's compliance with the Child Safety and Wellbeing Policy. Anyone in our school community should approach The Principal if they have any concerns about the school's compliance with the Child Safety and Wellbeing Policy.
- The Principal is responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Wellbeing Team and Student Representative Council (SRC). The Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing. The SRC provides an opportunity for students to provide input into school strategies.

Our Assistant Principal - Wellbeing monitors the Child Safety Risk Register.

CHILD SAFETY CODE OF CONDUCT

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct also includes processes to report inappropriate behaviour.

MANAGING RISKS TO CHILD SAFETY AND WELLBEING

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our Principal Class Team will

monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Wayi School staff will supervise students properly in all settings, including the playground, excursions and camps. We will give particular attention to the safety, diverse needs and vulnerabilities of our students in each activity and setting. Staff will consider the barriers that may prevent our students from raising concerns and provide reasonable adjustments accordingly.

ESTABLISHING A CULTURALLY SAFE ENVIRONMENT

At Wayi School we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- We begin events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item. We use this as an opportunity to pause and reflect or open a discussion.
- We fly the Aboriginal and Torres Strait Islander flags on school grounds.
- We display a plaques to Acknowledge Country and Traditional Owners.
- We celebrate the local Aboriginal community in communications with students, staff, volunteers and families. We share information through school newsletters, school assemblies, parent information nights.
- We learn more about Aboriginal histories and cultures, both locally and across Australia. Speak with respect and confidence about Aboriginal culture, knowledge systems and people.
- We build schoolwide knowledge of Aboriginal histories, cultures, perspectives, values, skills and attitudes.

STUDENT EMPOWERMENT

To support child safety and wellbeing at Wayi School we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through our Personal & Social Capability curriculum, School Wide Positive Behaviour Support framework, implementing our whole school approach to Respectful Relationships and Bullying Prevention - Expect Respect Curriculum and our student Code of Conduct, and our school values.

We inform students of their rights through the Health & Physical Education and Personal & Social Capability curriculum, School Wide Positive Behaviour Support framework, Expect Respect Curriculum, and our approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns from their classroom teacher and any leadership member.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Wayi School will empower students in the below listed ways:

- Display visually engaging and easy-to-read posters promoting student voice and agency.
- Demonstrate that our school takes students seriously by acting on their concerns, noting that what might seem unimportant to an adult may be important to a young person.
- Provide students with multiple avenues for communicating, including writing, drawing, Augmentative and Alternative Communication (AAC) and alternative physical forms of communication.

FAMILY ENGAGEMENT

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Wayi School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Providing copies of all child safety policies and procedures for students and parents at the school Administration office and on the school website.
- Utilising newsletters and Compass posts to inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- Displaying PROTECT Child Safety posters across the school.

- Ensuring that child safety is a regular agenda item at school leadership meetings and staff meetings for discussion.
- Communicating child safety strategies, such as discussing them at volunteer induction processes.
- Asking parents and carers about their children during formal settings like SSGs, and during chance meetings at pick-up and drop-off.
- Discuss how your school approaches child safety topics at School Council meetings.
- Acknowledging the important role that families and communities play in monitoring children's safety and wellbeing and helping children to disclose concerns.

DIVERSITY AND EQUITY

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+

Our Student Wellbeing and Engagement Policy provides more information about the measures we have in place to support diversity and equity.

At Wayi School we:

- Communicate that discrimination and bullying are not tolerated – if incidents of bullying or discrimination occur, we address the incident in line with school policy.
- Let students know they can raise concerns or report incidents that occurred at school and outside the school.
- Check in with vulnerable students and their families to confirm their needs are being met. This can occur at pick-up or drop-off, at SSGs or through informal discussions.
- Engage genuinely with students. We aim to find out what matters to them, what they know and don't know about safety, and what they need to be safe and feel safe.
- Validate students' feelings. We understand that students may feel that they have not been listened to or believed in the past.

SUITABLE STAFF AND VOLUNTEERS

At Wayi School we apply robust child safe recruitment, induction, training, and supervision practices to ensure that all staff, contractors, and volunteers are suitable to work with children.

Staff recruitment

When recruiting staff, we follow the Department of Education and Training's recruitment policies and guidelines, available on the Policy and Advisory Library (PAL) at:

- collect and record:
 - proof of the person's identity and any professional or other qualifications
 - the person's history of working with children
 - references that address suitability for the job and working with children.

Ongoing supervision and management of staff

All staff engaged in child-connected work will be supervised appropriately to ensure that their behaviour towards children is safe and appropriate.

Staff will be monitored and assessed to ensure their continuing suitability for child-connected work. This will be done by regular supervision and performance reviews.

Inappropriate behaviour towards children and young people will be managed swiftly and in accordance with our school and department policies and our legal obligations. Child safety and wellbeing will be paramount.

Wayi School will also:

CHILD SAFETY KNOWLEDGE, SKILLS AND AWARENESS

Ongoing training and education are essential to ensuring that staff understand their roles and responsibilities and develop their capacity to effectively address child safety and wellbeing matters.

In addition to the child safety and wellbeing induction, our staff will participate in a range of training and professional learning to equip them with the skills and knowledge necessary to maintain a child safe environment.

Staff child safety and wellbeing training will be delivered at least annually and will include guidance on:

Wayi School will also:

- Remind staff regularly that they need to be alert for signs of harm and risk factors and aware of physical and online risks to child safety.

- Provide staff with specific training to support students through the provision of reasonable adjustments such as core language boards.

School council training and education

To ensure our school council is equipped with the knowledge required to make decisions in the best interests of student safety and wellbeing, and to identify and mitigate child safety and wellbeing risks in our school environment, the council is trained at least annually. Training includes guidance on:

- individual and collective obligations and responsibilities for implementing the Child Safe Standards and managing the risk of child abuse
- child safety and wellbeing risks in our school environment
- Wayi School child safety and wellbeing policies, procedures, codes and practices

COMPLAINTS AND REPORTING PROCESSES

Wayi School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
- the [Four Critical Actions: Student Sexual Offending](#) for complaints and concerns relating to student sexual offending

Our Student Wellbeing and Engagement Policy and Bullying Prevention Policy cover complaints and concerns relating to student physical violence or other harmful behaviours.
